

EVALUATION AND COMMENT FORM

MADERA SUBBASIN GROUNDWATER SUSTAINABILITY PLAN DEVELOPMENT -- TECHNICAL WORKSHOP

May 24, 2018

The objectives of this workshop were to (1) Share the best preliminary estimates and the probable range for the key water budget values (2) Introduce the concept of projects and management actions to Groundwater Sustainability Agencies (GSAs) and the public, and provide preliminary cost ranges for projects to recharge additional water or reduce water consumption (3) Discuss how these values will guide the GSP Development

Before departing, please take 5 minutes to answer the following short questions, and write down any remaining comments or questions you have on these topics on the back of this form. Please be sure to turn in your evaluation on the way out or leave it on your table. This will help us improve future workshops and support your engagement in this process.

Please circle your answer to each rating question.
