MINUTES OF THE REGULARLY SCHEDULED BOARD MEETING BOARD OF DIRECTORS March 11, 2021

Those present at the meeting included

Directors: Dirk Vlot, Jose Ochoa, Molly Thurman

Others: Sarah Woolf, Chase Hurley, Brad Samuelson, Julia Berry, Phil Janzen, George Park, Michael York, Phil Janzen, Jeannie Haben, Jason Littleton, Mark Hutson, Sam Cunningham, Kristi Robinson, Chris Montoya

Roll Call: Vice President Dirk Vlot called the meeting to order at 10:00 AM and asked for a reading of participants.

Public Comment

Mark Hutson expressed to the board that at the County Water Market Meeting there was discussion about renting ground in the "white area" for purposes of keeping it idle for a number of years without taking it permanently out of production. He felt this was something landowners in the Red Top area should continue to look into as an option as well.

Minutes

The minutes from the January 14, 2021 meeting were reviewed. Due to a lack of a quorum of participants in that meeting, the minutes were tabled until the April meeting.

Sub-basin Report

Brad Samuelson informed the board that the Prop 68 Grant Draft Awards had been announced and the Chowchilla recharge projects were listed for recommended funding. The County and DWR were on the call and confirmed that once the awards were final, DWR would be working to get the contracts signed and out as quickly as possible.

The second Annual Report had been reviewed and is being prepared for submission. Through that process it became clear that there may be a faulty data coming from one of the well in the TTWDGSA. Brad will be watching the data to determine if there is a problem that needs to be addressed.

Other Business

None

Comments from the Board

None

Adjournment

The meeting was adjourned at 10:25 AM.
