

SWRP Project Number	Project Sponsor	Project Name	Project Type	Location Description	Latitude	Longitude	SWRP Project Prioritization Number	IRWMP Project Number
1	Southeast Madera County United (SEMCU)	Madera County Drain/Dry Wells	200 Dry Well Installations	Bounded by Hwy 41 on the East, Hwy 145 to the North, San Joaquin River to the South, and BNSF Railroad to the West	36.9539267 / -119.8860054 (Various Approximate Centroid of Proposed Improvement Area)		10	98
2	Root Creek Water District	Root Creek Avenue 10 International Recharge Project	Groundwater Recharge	40 acres of an 80 acre Agricultural Field (orchard/tree crop) along Avenue 10, associated with the proposed Gateway Village development	36.896263	-119.832495	11	91
3	Root Creek Water District	Root Creek Parkway Water Conservation Project	Conjunctive Use/Groundwater Recharge	Root Creek Stream Corridor adjacent to the proposed Riverstone development	36.914348	-119.807926	12	92
4	U.S. Bureau of Reclamation	Mendota Pool Bypass and Ranch 2B Improvements Project	Floodplain Restoration and Conveyance	From the Chowchilla Bypass Bifurcation Structure to below Mendota Dam	36.79056	-120.36361	16	109
5	Madera County Water and Natural Resources Department	Rampage Vineyards Recharge Facility	Recharge Basin	Township 11, range 19 East, portion of Sections 25, 26, 27, 36, Mount Diablo Baseline, Meridian / Avenue 13 to the South, Road 36 to the West and Road 39 to the East	36.947	-119.859	23	76
6	Gabriel G Haney, Heather Haney	16824 Paula Rd Drywell Stormwater Drain/Aquifer Recharge	Dry Well	West side of property 16824 Paula Rd, Madera	36.993389	-119.880496	24	61
7	Hancock Farmland Services	Chowchilla Bypass Turnouts	Bypass Diversion for Groundwater Recharge	Left bank of Chowchilla Bypass, site 1: 1/4- mile south of Ave. 21 in Madera Co., site 2: 3/4-mile east of Hemlock Road in Madera Co.	37.05138889	-120.4975	3	95
					36.97416667	-120.3722222		
8	Hancock Farmland Services	Eastside Bypass Flood Water Diversion and Recharge Project	Installation of Slant Pumps at three ranches to divert flood flows for groundwater recharge	Triangle T Ranch, Madera 23 Ranch, Madera 1 Ranch	37.0165085 / -120.4408141 (Various, Approximate Location)		2	96
9	County of Madera	Madera Ranchos Floodway Recharge Basins and Dry Wells	Groundwater Recharge/Floodplain Restoration	North of Avenue 12 1/2, West of Road 35 1/2	36.9310424	-119.9038303	13	65
10	Madera County	Berenda Creek Arundo Removal, Channel Clearing and Levee Repairs	Conveyance / Infrastructure Improvements	Berenda Creek between Avenue 20 1/2 and Road 14	37.0506015 / -120.2925516 (Various, Approximate Location)		15	30
11	Madera County	Berenda Slough Arundo Removal and Channel Clearing	Conveyance Improvements	On Berenda Slough between Rd 17 and Road 9	36.9960488 / -120.3558388 (Various, Approximate Location)		17	49

SWRP Project Number	Project Sponsor	Project Name	Project Type	Location Description	Latitude	Longitude	SWRP Project Prioritization Number	IRWMP Project Number
12	Madera County	Cottonwood Creek Channel Clearing and Levee Repairs	Conveyance / Infrastructure Improvements	Cottonwood Creek between Rd 29 and Road 20	36.8934473 / -120.1013015 (Various, Approximate Location)		18	53
13	Madera County	Dry Creek Channel Clearing and Levee/Embankment Repairs	Conveyance / Infrastructure Improvements	Dry Creek between Rd 24 and Road 17	36.9989690 / -120.1726589 (Various, Approximate Location)		20	56
14	Madera County	Fresno River Channel Clearing and Levee/Embankment Repairs	Conveyance / Infrastructure Improvements	On the Fresno River between Rd 28 1/2 and Road 9	36.9764176 / -120.2038628 (Various, Approximate Location)		19	59
15	Chowchilla Water District	Ash Bypass Check	Infrastructure Improvements to Facilitate Conveyance and Recharge	On Ash Slough near Avenue 26 in Chowchilla	37.126567	-120.273611	9	34
16	County of Madera	Canal Way Recharge Basin Project	Groundwater Recharge	North of Temple Drive, West of Canal Way	36.9921594	-120.0828059	14	31
17	Madera County Water and Natural Resources Department	Cottonwood Creek Stormwater Capture Structure	Stormwater Recharge	Intersection of Ave 7 and Road east 1 mile, south by 1/2 mile, where Cottonwood Creek runs through property	36.8520504	-120.2251301	22	54
18	City of Chowchilla	Chowchilla City Hall Conservation Landscaping, Green Infrastructure, and Storm Water Infiltration Project	Low Impact Development/Flood Management/Recharge	Trinity Avenue and S 2nd Street	37.1218611	-120.2599295	8	13
19	City of Madera	Rotary Park Conservation Landscaping, Green Infrastructure, and Storm Water Infiltration Project	Low Impact Development/Flood Management/Recharge	Southeast of Avenue 15 1/2, Southwest of N Gateway Drive	36.9717416	-120.0719338	5	23
20	City of Madera	Madera City Hall Conservation Landscaping, Green Infrastructure, and Storm Water Infiltration Project	Low Impact Development/Flood Management/Recharge	4th and N H St	36.9624452	-120.0644422	6	22
21	City of Madera	Fresno River Oil/Water Separators	Oil/Water Separators	Location and Number to be confirmed	36.9679048 / -120.0830609 (Various, One Approximate Location)		21	21
22	Gravelly Ford Water District	Firebaugh Boulevard Groundwater Recharge/Flooding of Existing Pasturelands	Groundwater Recharge	North of Firebaugh Boulevard adjacent to the Chowchilla Canal Bypass	36.9921594	-120.3223127	7	47
23	Fairmead Community and Friends	Community of Fairmead Green Infrastructure and Dry Well Improvement Projects	Green Infrastructure/Dry Wells/Community Drainage Improvements	Community of Fairmead, East of Highway 99, Chowchilla, CA	36.9679048 / -120.0830609 (Various, One Approximate Location)		1	45
24	County of Madera	Brockmore Property	Groundwater Recharge/Floodplain Restoration	North of Avenue 12, East of Road 38	36.9245081	-119.8545023	4	62, 75, or 85?

SWRP Project Number	Project Sponsor	Project Name	Project Type	Location Description	Latitude	Longitude	SWRP Project Prioritization Number	IRWMP Project Number
25	Triangle T Water District	Red Top Subsidence Mitigation	Diversion on the Chowchilla/Eastside bypass into recharge ponds and distribution facilities	The Western side of the Chowchilla subbasin known as the Red Top area				145
26	Root Creek Water District	WWTP Expansion - Water Reuse Project	Development and implementation of expanded treatment facilities at the existing WWTP		36.904827	-119.821176		144
27	Root Creek Water District	River Diversion and Pipeline Project	Surface water conveyance to a treatment plant and delivery of surface water to the Riverstone Development	Section 30, Township 12 South Range 20 East on the North bank of the San Joaquin River. Alignment towards the development would be either Road 30 or Road 40 or a combination along these existing roads				141
28	Root Creek Water District	Reclaimed Water Infrastructure Project	Development and implementation of WWTP reclaimed water distribution infrastructure to be used for landscape, agriculture, fire system use, and recharge	Urban developments within RCWD service area and/or delivery to agricultural area in lieu of those lands pumping groundwater				140
29	Root Creek Water District	Recharge Basin Facility	Recharge Basin	Basins incorporated into the Root Creek Parkway				139
30	Madera Ag Water Association	Madera/Chowchilla GSP Recharge Projects	Groundwater Recharge	MCGSA managed area (e.g., near Madera Canal, MID delivery system, Chowchilla Bypass, or other natural stream courses)				137
31	Madera County GSA	Westside Recharge Project	Individual sites with recharge potential and access to flood and excess surface water flows (identified and described in the join GSP, Chapter 4, p. 37 [4 - 37] as part of the Madera-Chowchilla Bypass Recharge Basin	5 sites total: 4 sites East of the Chowchilla Bypass and South of the Fresno River, and 1 site East of the Chowchilla Bypass and South of the Berenda Creek				118
32	Madera County	Madera East Grower Group Recharge Project	Recharge Basins and infrastructure	4 sites have been identified: Ave 20 1/2 at Berenda Creek, Ave 22 1/2 and Road 25, Ave 21 1/2 and Fairmead, Hwy 99 at Berenda Creek				115
33	Madera County Water and Natural Resources / Oakhurst River Parkway Committee	Oakhurst River Parkway Clean Up and Rehab	Creek and river capacity increase	Starts at Hwy 41 on one end and ends at Yosemite High School at the other end				128
34	Penny Newman Grain Co.	Penny Newman - Clean Groundwater Recharge	Groundwater Recharge	Any recharge basin in Madera County with poor drainage				138
35	Aliso Water District	Cottonwood Recharge Project	Diversion of up to 110 CFS of appropriated water from the Chowchilla bypass to a 75-acre basin for direct recharge	The Bypass turnout is proposed at 36d50'11.02"N/ 120d18'16.09"W, and the centroid of the 75-acre pond is at approximately 36d50'25.16"N/ 120d16'32.27"W.				147
36	Root Creek Water District	RCWD Stormwater Pollutant Reduction Project	Installation of filtration unit(s) to reduce pollutants in stormwater discharges to Root Creek	Discharge locations from Riverstone developemtn to Root Creek				148
