   The first 15 minutes of each regular meeting is set aside for members of the public to comment on any item within the jurisdiction of the Group, but not appearing on the agenda. Items presented under public comment may not be discussed or acted upon by the Group at this time. For items appearing on the agenda, the public is invited to comment at the time the item is called for consideration by the Group. Any person addressing the Group under public comment will be limited to a 3-minute presentation to ensure that all interested parties have an opportunity to speak. Also, all persons addressing the Group must state their name and county of residence for the record.

Items of Interest

- The Sierra Nevada Conservancy (SNC) is accepting concept proposals for their Strategic Land Conservation Direct Grant Program through May 6th. The program's goal aims conserve lands through the planning and implementation of fee title and conservation easement acquisitions. Acquisitions should aim to protect, restore, or create climate resiliency, connectivity across important natural lands, water resources, unique cultural or natural areas, working landscapes, or access to public lands and recreation opportunities. Interested applicants are encouraged to read the 2022 Guidelines for the program. Projects must be developed in collaboration with SNC. Contact your local SNC area representative to discuss project ideas.

- The SNC is also accepting concept proposals for their Vibrant Recreation and Tourism Grant Program. The program supports efforts to enhance and develop sustainable recreation and tourism opportunities, and to increase access to public lands in the Sierra Nevada Region. Interested applicants should read the 2022 Guidelines for the program. Projects must be developed in collaboration with SNC. Contact your local SNC area representative to discuss project ideas.

- The California Silver Jackets are hosting the 2022 Watershed University Summit on Tuesday, April 26th, and Wednesday, April 27th, from 9 am – 11:30 am on both days. More information about the event can be found on the summit's event page, along with registration information. Experts will be discussing:

    - Floodplain management in the 21st century;
    - The Unified National Program for floodplain management;
    - Nature-based flood management solutions: engineering with nature;
    - The National Flood Insurance Program Community Rating System; and
    - Nonstructural and resilience-based approaches to flood management
