

WATER & NATURAL RESOURCES NEWS FOR GROWERS IN THE MADERA COUNTY GSAs

NOVEMBER 2025

FALLOW FIELD VISITS

Did you know if your field is fallow (for the full calendar year), we can zero it out to make sure ETAW is not picked up?

Please reach out to your Water Resources Specialist.

COUNTY GSA COMMITTEE MEETING

Please be advised that due to IT renovations in the Board Chambers, there will be no December 2025 Madera County GSA Committee Meeting.

In case you missed the Madera County GSA Committee meeting on November 18, 2025, the recording and agenda packet are available on the [Board meeting portal](#). Information can also be found on the [County GSA Committee](#) webpage.

CALIFORNIA DEPARTMENT OF WATER RESOURCES

DWR has released the [Draft California's Groundwater: Bulletin 118 – Update 2025 \(CalGW Update 2025\)](#). CalGW Update 2025 provides a comprehensive inventory and assessment of available information on the occurrence and nature of groundwater and informs decisions on the protection, use, monitoring, and management of the resource. CalGW Update 2025 is part of a comprehensive suite of resources designed to support groundwater understanding and management across the state, including the [Semi-Annual Updates](#), [CalGW Live](#), and the [Basin Characterization](#) program.

The comment period on the Draft CalGW Update 2025 is currently open through Friday, December 5th. Comments can be emailed to CalGW@water.ca.gov. All comments will be reviewed and will provide valuable feedback to DWR to improve the analysis, reporting, and access to California's groundwater information.

DWR has also released [California's Groundwater: Fall 2025 Semi-Annual Update](#), expanding upon groundwater data released earlier this summer. The report provides a timely overview of statewide groundwater levels, land subsidence, well infrastructure, and the status of California's groundwater monitoring conditions, helping water managers track short-term trends and make informed decisions that support sustainable groundwater management.

CONTACT US
