# MADERA COUNTY

Meter Measurement Method:
How to Submit Monthly Meter Data
Using a Mobile Device

1.) Open camera app.

2.) Scan QR Code on the Madera County Flowmeter ID Sticker.

3.) Default browser will pop up at the bottom of your screen.

4.) Click "Open in Edge".

Tip: It may say something different depending on your default browser.

> "fielddata.davidsengineering.com" would like to use your current location.
>
> This website will use your precise location because "Edge" currently has access to your precise location.
>
> **Don't Allow**   **Allow**

Click Allow
TO CAPTURE LOCATION COORDINATES OF METER(S)

5.) If this is your first time, click "**new user**".

6.) Enter first and last name, email address, and phone number.

7.) Current date and time will auto-populate when you hit the blue checkmark.

8.) Click the target symbol ⊕ to detect the current location.

Tip: Make sure your location services are <u>enabled.</u> You can adjust this in your phone settings.

9.) Take a photo of the flowmeter's readout.

Tip: Make sure the flowmeter ID is <u>visible</u> in your photo. If not, add an additional photo.
